I am Shant from HARMAND GROUP.

We import photographic equipment since 1993 and distribute in our market to all photo shops. We also export to Syria and KSA.

Our main products are photo frames and photo albums, binoculars and telescopes. We are also agent of Falcon Eyes photographic equipment (professional LED and all photographic parts for photographers).

We also have the machines that make the digital album book.

Our main products in the store or stand will be: photo albums, photo frames, digital album book, binoculars and telescopes and consumer electronics (memory cards, usb, camera bags, etc.)

Of course our products are high quality. You can check some of the items in our website [Http://www.harmand.com](http://www.harmand.com) and our facebook/instagram page "harmandgroup".

Find attached some of our items. Note that we have large collection; these are only few items to have an idea about our product.
